104.1 Def. felt work TVA5H constituency in a group, for-
mally outside a given organization, to which the latter
(on an element within it) has a special commitment.

constituency and demand for individual constitu-
ents from an organized constituency. Some special
and not organizational, will encompass large groups
under the title called fellow.
The idea of an administrative court, familiar to students of public administration, and in general may be thought of as a normal mechanism of social control whereby formal organizations are made responsive to relevant public. (Selznick, TVA)
